Giant Mark-Making

PACK 4 / Dyspraxia (DCD)

INSTRUCTIONS & ADAPTATIONS FOR ADULTS

Short, supported play for children aged 3-5. Model, pause and let the child choose how to join in.

What you need

Large paper; chunky crayons, brushes or optional finger paint.

Getting started

Tape paper securely to a comfortable surface.

Try it together

1. Choose a colour or tool.
2. Show a wide line or big circle.
3. Let the child create, point to, or trace a favourite shape.

Choices and adaptations

- Use a bigger grip, brush or sponge.
- Place paper on a wall, easel or table.
- Guide a toy along a printed path instead of drawing.
- Let a partner make marks from the child's choices.

How to keep it playful

Offer choices without checking for a correct response. Point, demonstrate, wait and follow the child. A little play is enough.

Safety: Choose washable, age-appropriate materials; check sensitivities.
